

41096086

SCHUKO socket outlet with LED orientation light enhanced contact protection, Screw-in lift terminals, Berker Q.1/Q.3, anthracite velvety, lacquered

- additional benefit by combination of a socket outlet with an orientation light
- integrated brightness sensor that switches the orientation light on at twilight and off when there is sufficient brightness
- white LED light, long service life of the LED
- without imprint
- with spreader claws
- through-wiring possible, therefore also ideal for retrofitting
- with screw-in lift terminals
- Caution!
Items with special flush-mounted insert.
Centre plates with LED orientation lights are not compatible with the standard socket outlets.
- SCHUKO socket outlet with LED orientation light
- enhanced contact protection
- Screw-in lift terminals
- Berker Q.1/Q.3
- anthracite velvety, lacquered
- enhanced contact protection
- Screw-in lift terminals

Technical features

Rated voltage	250 V AC
Frequency	50/60 Hz
Rated current	16 A
Power consumption	0.25 W/0.35 VA
Switch-off brightness	≈ 4 lx
Light intensity (white)	0,2 cd
Switch-on brightness	≈ 2 lx
Design	according to DIN 49440
Connection terminals	according to VDE 0620-1
